

## Avalon's Peruvian Satin Charlemagne (Royal Fawn/Augusto!)

Avalon's Peruvian Satin Charlemagne is a recent addition to our breeding program. He is a grandson of Accoyo Augusto and Accoyo Royal Fawn and great grandson of Peruvian White Out. Charlemagne was selected based on his fleece characteristics at age 6; macho presence and excellent bloodlines. We are thrilled to have him in our breeding program and will be anxious to see his cria next year.

### Linage Record

**Dam**  
**Avalon's Peruvian Satin Chardonnay**  
 White, 809240, Peruvian Chardonnay is the daughter of the well known Accoyo male, 3Peruvian Augusto and granddaughter of the great Peruvian White Out. Her dam is Peruvian White Satin, one of the first full Peruvian lineage, American born alpacas, and highest selling alpaca (\$50,000.00) at the 1995 Fall Celebrity Sale!

**Sire**  
**AFA Royal Peruvian Aristocrat**  
 Light Fawn, 183445, Full Peruvian This outstanding son of (Accoyo) Royal Fawn (the world's highest selling alpaca at \$600,000) is admired by everyone. His macho presence, handsome head, large bone, excellent fiber coverage, and lovely fleece have been a trademark combination that is hard to beat.
